Dermatologists Can't Stop Obsessing Over These New Skin Care Products

Skin pros recommend you buy these ASAP

by ANDREA JORDAN | COMMENT

Skinfix Eczema Balm, \$17

"Eczema season is just around the corner. I love this product because it's steroid-free and contains natural ingredients. It's great to use right after a bath or shower to prevent eczema flares before they start."

— **Dr. Gary Goldenberg, MD**, Goldenberg Dermatology in NYC
