

# The Best At-Home Acne Treatments, According to Dermatologists

November 18, 2018

by **KELSEY CASTANON**

## Neutrogena Pore Refining Exfoliating Cleanser Face Wash

"I recommend the Neutrogena Pore Refining Exfoliating Cleanser Face Wash (\$7) because this product contains alpha and beta hydroxy acids that help remove oil and dirt that sit deep in the pores. It gently exfoliates the skin, leaving the skin smooth and soft." — dermatologist **Gary Goldenberg**

, MD
